$W^- \rightarrow l \nu$

$|A_4|$ vs $|Y_W|$ plot showing the data, MC@NLO, and MC@NLO* predictions. The plot compares the absolute value of the asymmetry $A_4$ with the absolute value of the rapidity $|Y_W|$ for the process $W^- \rightarrow l \nu$. The data points are shown with error bars, and the theoretical predictions are denoted as 'data', 'MC@NLO', and 'MC@NLO*'.
